SECTOR PROFILE

ADVANCED MANUFACTURING

Brampton is home to world-class talent

Brampton has a high-quality workforce, strategic access to the North American market, a dynamic environment for R&D and a culture of high-quality award winning manufacturing.

With access to 21 nearby universities and colleges, and home to the award-winning Sheridan Centre for Advanced Manufacturing and Design Technology (CAMDT), Brampton is strategically positioned to support the diverse talent needs of the advanced manufacturing sector.

**16% OF BRAMPTON
EMPLOYMENT IS IN
THE MANUFACTURING
INDUSTRY**

Advanced Manufacturing in Brampton

Advanced Manufacturing Is the largest industry by employment, accounting for almost a quarter of Brampton's workforce.

Building a cybersecurity ecosystem:

As Advanced Manufacturing continues to move towards a digital world, Cybersecurity is becoming a critical component to business operations. Brampton is on the leading edge of cybersecurity and is **home to the Rogers Cybersecure Catalyst, a national centre for innovation and collaboration in cybersecurity**, and a variety of programs in cybersecurity through The Chang School and Sheridan College.

The Rogers Cybersecure Catalyst provides training and certification, commercial acceleration and support for cyber scale-ups, applied research and development, and public education.

BRAMPTON MEANS BUSINESS **NOW**

Largest Employment Sector

Brampton's growing Advanced Manufacturing sector is the foundation for collaboration, partnerships and innovation across every industry.
